# How do I get started?

To get your Username and Temporary Password

- Call us at (858) 694-8980
- E-mail us at [prp.awm@sdcounty.ca.gov](mailto:prp.awm@sdcounty.ca.gov)
- Ask your Inspector

# Proper Container, Label On Site

Any container that holds, or has held, any pesticide, when stored or transported, shall carry the registrant's label.

➡ This includes any supplemental labeling.

## Service Container Requirements:

Name of Pesticide

Signal Word

Name, Address of Responsible Party

# Aluminum Phosphide Label Changes (Fumitoxin)

- On Third Revision!
- Posting
- Buffer zones
- Fumigation Management Plan

# Posting Requirements – Golf Courses

Post a sign at the application site

- Before fumigation begins
- Stays up for 2 days after application
- At least 9 x 11 inches
- Stand at least 18 inches high from ground
- “Substantial” material to withstand adverse weather conditions
- Must be legible

# Sign Wording

- DANGER/PELIGRO with Skull and crossbones
- Do Not Enter/No Entre
- Name and EPA Registration
- 24 hour emergency response number AND contact number for certified applicator
- Signs may be removed two days after final treatment

# Buffer Zones

Burrowing pest control use restriction: this product **must** not be applied into a burrow system that is within 100 feet of a building that is or may be occupied by humans or domestic animals.

# Fumigant Management Plan

- Must be written and available prior to application
- Fill-in forms available from PestCon or us
- Maintained for two years

# PCA Recommendations

## What is a Pest Control Advisor?

- Must have a minimum 4-year degree with emphasis on science
- Take a test in different pest categories
- Must obtain many hours of continuing education each year to keep license valid
- Legally able to make pest control recommendations for Golf Courses
  - Pesticide Dealer Salesmen

# Who Needs Written Recs?

- Public Golf Courses:
  - Written recommendation required for ALL pesticides used
- Private Golf Courses:
  - Written recommendation required for Restricted Materials requiring a permit only when applied by a Pest Control Business
- Your Pesticide Dealer Salesman can write them for you!

# 3CCR 6618-Pest Control Business

- Pest Control Business Shall Notify the Operator of the Property:
  - Date of application
  - Identity of pesticide by brand or common chemical name including spray adjuvants
  - Precautionary statements from the pesticide label

# 3CCR 6618-Operator of the Property

- The **operator of the property** *shall* assure that notice is given to **all persons** who are on the property to be treated, **or who may enter during the application or the period of time that any restrictions on entry are in effect**
  - Includes people who walk on the course in the morning hours, golfers, employees, any who may be there or is known to be there
  - Date of application
  - Identity of pesticide by brand or common chemical name including spray adjuvants
  - Precautionary statements from the pesticide label

# Inspection vs. Investigation

- Inspection

- General

- How do you notify/post?
- How do you train?
- What do you use?
- When do you use it?
- What kind of PPE did you use?

- Investigation

- Very Specific

- How did you notify this person?
- Have you told them not to trespass?
  - When?
  - How?
  - Did you document it?
- For this specific application did you...

# Notification Random people

- Possible ways to notify:

- Newsletters
- Mail
- Postings

- Document

- What you did to notify
- Frequency
- Repeat offenders

- Can be a general statement:

“We appreciate you enjoying our golf course during off hours. However, it is not safe to walk on the course during these hours because of errant golf balls, holes, snakes, mountain lions, bobcats, lighting, and pesticide applications.”

# Fun with Labels!

- Precautionary Statements
- Personal Protection Equipment (PPE)
- Restricted Entry Interval (REI)

# Personal Protection Equipment

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

#### CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing.

### Personal Protective Equipment (PPE)

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for Category C on an EPA chemical resistance category selection chart.

## PRECAUTIONARY STATEMENTS (continued)

### Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Chemical-resistant gloves (such as nitrile, butyl, neoprene, or barrier laminate)
- Shoes plus socks

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

- Long-Sleeved Shirt Long Pants
- Chemical-Resistant Gloves
- Shoes plus Socks
- Eye protection??
  - Yes! 6738

# Use Requirements

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

### AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

The restricted-entry interval (REI) for this product is 0 days.

Do not enter treated areas without footwear until sprays have dried.

### NON-AGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

Do not enter treated areas without footwear until sprays have dried.

Observe all precautions and limitations on this label and on the labels of each product used in tank mixture with this product.

FAILURE TO FOLLOW THE DIRECTIONS FOR USE AND PRECAUTIONS ON THIS LABEL MAY RESULT IN UNEVEN GROWTH REDUCTION OR SEVERELY STUNTED TURF.

- Which use requirement applies to you?
- How are you going to comply with 6618?
  - No barefoot frolicking!

## **PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Causes moderate eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact while handling the material may cause allergic reactions in some individuals.

- What PPE is required?
- No PPE on label
- 6738
  - Eye Protection
  - Chemical Resistant Gloves

# REI-Watered In

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is a selective preemergence herbicide that provides residual control of many grass and broadleaf weeds in:

- established turf grasses (excluding golf course putting greens) and lawns
- landscape ornamentals
- established perennials & wildflower plantings

This product controls susceptible weeds by inhibiting weed seeds germination and root development. Most effective weed control will be obtained when this product is activated by at least 0.5 inches of rainfall or irrigation, or with shallow (1 to 2 inches) incorporation, prior to weed seed germination and within 14 days following application.

Not for use on plants being grown (1) for sale or other commercial use, (2) for commercial seed production, or (3) for research purposes. For use on plants intended for aesthetic purposes or climatic modification and being grown in ornamental gardens or parks, or on golf courses or lawns and grounds.

Do not graze or feed livestock forage cut from areas treated with this product.

Do not apply this product through any type of irrigation system.

Do not apply aurally.

Do not apply to golf course putting greens.

- How do you comply with 6618?
  - There is no REI stated on this label.
